

## DUAL CARE

**Ready to use lactic acid, aloe vera and allantoin based skin conditioning teat spray and foam for optimum performance in teat hygiene and udder health.**

### Product benefits:

- High levels of lactic acid to promote healthy skin regeneration, leaving teats smooth and soft and ready to be milked
- Rapidly cleans and sanitises to help improve milk quality
- Highly visible to ensure correct application and full teat coverage
- Efficacy tested to EN1656:2010

### Ordering information:

- 6250 – 25 litres (2,500 cows)
- 6251 – 200 litres (20,000 cows)
- 6252 – 1000 litres (100,000 cows)

### Shelf life:

- 1 year from date of manufacture

### Storage instructions:

Store between 0°C to 25°C.  
Keep out of direct sunlight.

### Pre-milking use:

1. Apply product to clean teats by dipping, spraying or foaming.
2. Allow product contact time of at least 30 seconds.
3. Wipe off using a disposable wipe.
4. Apply clusters.

### Post-milking use:

1. Immediately after cluster removal, apply product to teats by dipping or spraying.
2. Ensure that teats are fully covered and that product is liberally applied.
